2. We invite your comments about the publication and, more importantly, about the utility the PSS data does have or might have for your office. Frankly, we are weighing whether to continue the Survey, whether the likely future usefulness of the PSS is worth the cost in time and money.

25X1

3. How could you make use of the data? The PSS can be sorted by individual country or regions, by any time frame within the fifteen years, and by general topic area
